

Dear folks at Calvary Ranch:

I would like to take this opportunity to share our good news with you regarding our son who went through your program several years ago. Our hearts were broken and so heavy when he disappeared for several days before Christmas. He had failed his courses at school due to excessive drinking. We feared for his life as he sounded so depressed and in despair over what he had done and how he felt he had failed us. We placed him in your program and hoped for the best. He graduated and during that month re-devoted his life to the Lord and got baptized. After much soul searching decided to return to school and try to finish his degree in biochemistry. Since then, he has graduated with his degree and through the grace of God, found employment with a major biotech firm here in CA. We have been so grateful to you all at the ranch because we were at our wit's end about how to handle our son's problem. It was difficult to leave him at the ranch, but also incredibly liberating to know that he was in good hands and would have a chance to reevaluate his life choices. Thank you ever so much for being there and doing the hard work that you are doing. I wanted you to know about this success story and your vital part in it.
